MEDIA RELEASE

Nomad Technics AG receives Aruba maintenance approval.

Basel, November 22, 2019 - Nomad Technics AG has received the maintenance approval / Certificate of Acceptance DL-ACC-229 issued by the Department of Civil Aviation Aruba (DCA).

This approval certifies that Nomad Technics is approved as a Maintenance Organization which fulfills the Aviation Requirements set by the Department of Civil Aviation Aruba (DCA). This allows the company to carry out maintenance inspection and non-routine repair work as well as worldwide AOG-support on Aruba registered Bombardier Global Express XRS, Global 5000, Global 6000 and Bombardier Challenger 600 series.

„We are very pleased that customers who fly an Aruba registered aircraft can make use of our full line and base maintenance as well as AOG services”, says Roman Hug, VP/General Manager of Nomad Technics. „This is another great achievement for Nomad Technics”, says Christian Sacker, Director Quality, Safety & Compliance of Nomad Technics, and adds: “Operators will certainly appreciate a further maintenance company of their choice to having their business jet serviced.”

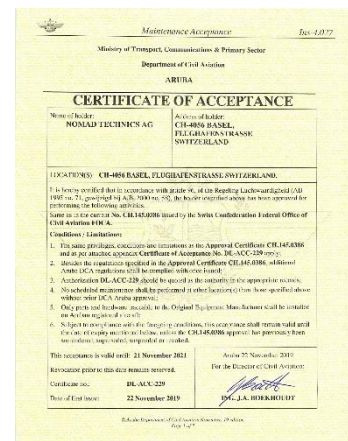

Nomad Technics AG, the maintenance division of Nomad Aviation AG, is an EASA Part-145 approved organization (Approval No. CH.145.0386) and provides maintenance on Bombardier Challenger 300, 600, 850 series, Bombardier Global Express XRS, Global 5000, Global 6000 and Embraer Legacy 600 and 650 business jets. The company occupies its own 7'400 m2 hangar together with 7'000 m2 of additional ramp space at the International EuroAirport in Basel / Switzerland, where it offers also hangarage services for aircraft up to the size of the Boeing 737 series and the Airbus A320 family It holds EASA, Cayman Islands and Aruba maintenance approvals.
