MEDIA RELEASE

Nomad Technics provides AOG support by replacing a windshield of a Bombardier Global XRS.

Basel, February 03, 2020 Nomad Technics successfully provided AOG support to an operator of a Bombardier Global XRS by replacing a broken windshield at the EuroAirport of Basel/Switzerland.

On Tuesday late evening Nomad Technics received an AOG call from a customer that their Bombardier Global XRS had a defective front windshield. The team started immediately with the order of the required parts. After the arrival of the aircraft the next morning the engineers instantly removed the right front windshield and prepared the aircraft for the installation. After the receipt of replacement parts, their installation and successful pressure testing of the aircraft's cabin, Nomad Technics handed-over the jet to the client on time.

„We are proud that we have completed the AOG event on the Bombardier Global XRS with an extremely short reaction time“, says Kai Dannath, Supervisor Bombardier aircraft at Nomad Technics. „Thanks to the flexibility of the engineers and the short communication channels we could rectify the AOG event to the full satisfaction of the customer. He was able to use his aircraft after a short downtime“, adds Roman Hug, VP/General Manager of Nomad Technics.

About Nomad Technics and Nomad Aviation:

Nomad Technics AG, the maintenance division of Nomad Aviation AG, is an EASA Part-145 approved organization (Approval No. CH.145.0386) and provides maintenance inspection and non-routine repair work on Bombardier Challenger 300, 600, 850 series, Bombardier Global XRS, Global 5000, Global 6000 and Embraer Legacy 600 and 650 business jets. Other types include Cessna's C525 series aircraft. The company occupies its own 7'400 m2 hangar together with 7'000 m2 of additional ramp space at the International EuroAirport in Basel / Switzerland, where it offers also hangarage services for aircraft up to the size of the Boeing 737 series and the Airbus A320 family.

Nomad Aviation, based in Switzerland, offers maintenance and hangarage, aircraft management and charter services. It operates an exclusive fleet of aircraft, ranging from light to ultra-long-range jets and VVP Airliners including Cessna CJ1+ and CJ2+, Embraer Legacy 650, Bombardier Challenger 604, CRJ100, Global 5000, Gulfstream G450 as well as Airbus A319ACJ. Nomad Aviation has offices in Zurich-Kloten and Basel, Switzerland as well as in Sliema, Malta.
