## **PRESS RELEASE**

### **NOMAD AVIATION LTD. GOES GLOBAL WITH BOMBARDIER GLOBAL 5000**

Nomad Aviation AG in Berne, Switzerland proudly informs that it has added one Bombardier Global 5000 to its VIP- and Executive Charter-Fleet.

The ultra long-range aeroplane registered HB-JFB has been included into Nomad Aviation's Air Operator Certificate (AOC) for worldwide operation and started commercial VIP- and Executive charter services in fact on 19<sup>th</sup> of November 2011 with its initial flight from Switzerland bound towards Siberia in Russia.

The addition of this new generation ultra long-range aircraft is an important, fleet-wise also conclusive step for Switzerland's Nomad Aviation. Besides the well-known fleet of distinguished aircraft, the company now offers its estimated customers a complete selection of aircraft – Light Jets (Cessna CJ1+ and CJ3), Super Midsize Jets (Gulfstream 200, Cessna Citation X), Heavy Jets (Challenger 604, Embraer Legacy) and Ultra Long Range Jet (Bombardier Global 5000).

With the "Big Bird" set into service, Nomad Aviation strengthens and undermines its position in the Western- and Eastern European VIP- and Executive Charter market. The Global 5000 aircraft offers the same high-standard cabin and exclusive, individual level of quality and service as the other Nomad' aircraft, including:

- 13 VIP seats in day configuration;
- 3 single beds and 2 king-size bed in night configuration;
- Large Cargo compartment ensuring sufficient space for plenty of luggage;
- Long-range capability exceeding 4'700nm

"The Global 5000 is an important and exciting step for all Nomad's. On one hand the additional aircraft provides our customers the ultimate long-range aircraft but also even more availability, flexibility and possibilities. Our aircraft are strategically well located to serve customers in Eastern- as well as in Western Europe. Our advertising stpetersburgnonstopmale or londonnonstopwashington underline the step to the Global 5000", Rainer Schnurr and Claude Neumeyer, the principals of Nomad Aviation, state.

Switzerland's based Nomad Aviation AG offers presently an exclusive fleet of 12 distinguished aircraft, from light jets to ultra long-range jets including one Bombardier Global 5000, three

Bombardier Challenger 604, one Embraer Legacy 600, one Gulfstream G450 heavy-jet aircraft, two Gulfstream G200 and one Cessna Citation X super midsize-jet aircraft for worldwide-operation as well as two Cessna CJ1+ and one Cessna CJ3 for European Executive- and VIP charter. The addition of one more Gulfstream 200 and a Challenger 605 is planned.

Nomad Aviation AG is the combination of European Tradition, Asian Spirit and Swiss Precision. A unique flying experience, tailored and designed around each individual customer's expectations and wishes, operating at highest safety levels with a meticulous professionalism, focused on uncompromised quality standards; Truly Eurasian - Precisely Swiss.
