

NOMAD AVIATION

Flying Privately to Zurich in Switzerland during WEF 2025 (January 20-24, 2025).

January 13th, 2025

If you are planning to attend the World Economic Forum, private jet operators will fly you to Zurich Airport, about 150 km from Davos. However, with up to 1,000–1,500 flights expected during the event, Zurich Airport becomes heavily congested, requiring advanced preplanning and limiting parking availability. In many cases, your aircraft may need to reposition to a nearby airport like Dubendorf, just 12 km away.

Nomad Aviation, in partnership with TopMotion Aircraft Handling, offers a smoother, more efficient and flexible alternative:

Fly directly to Dubendorf airport, where you can quickly transition to a helicopter or limousine for the fastest possible journey to Davos.

Contact Nomad Aviation or TopMotion today to simplify your WEF travel. Our partner's dedicated FBO for WEF passengers ensures seamless passage, saves you time, and eliminates the need for repositioning flights—even if landing or parking slots haven't been booked in advance.
