

# NOMAD AVIATION

Nomad Aviation AG is an international and family-owned Swiss company established 2008. Nomad Aviation AG, with headquarter in Zurich Kloten, provides private and business aircraft management services. Nomad Technics AG is based in Basel Airport and provides base maintenance, modifications and refurbishment service for mid-size jets and narrow-body aircrafts.

For our Part-145 aircraft maintenance department Nomad Technics AG at **Basel Euroairport**, we are looking for further qualified, flexible and dynamic

## Aircraft Support Mechanic

### Your tasks:

- Assists licensed aircraft mechanics and engineers during scheduled and unscheduled maintenance tasks
- Prepares aircraft, tools, equipment, and work areas prior to maintenance activities
- Performs basic mechanical tasks under supervision in accordance with approved procedures
- Supports component removal and installation, cleaning, lubrication, and general servicing
- Ensures proper handling, storage, and identification of aircraft parts and tools
- Assists with ground handling operations, including towing, jacking, and aircraft positioning
- Supports AOG (Aircraft on Ground) and line maintenance activities when required
- Complies with company procedures, safety policies, and aviation regulations (EASA / FAA)
- Maintains housekeeping standards in hangars and work areas
- Accurately completes task cards, work orders, and technical documentation as assigned
- Reports any technical findings, discrepancies, or safety concerns to supervisors

### Your profile:

- Technical education or vocational training in aircraft maintenance or mechanics
- Previous experience in an aviation maintenance environment is an advantage
- Basic knowledge of aircraft systems and maintenance practices
- Ability to read and understand technical manuals and work instructions in English
- Strong awareness of safety, quality, and regulatory compliance
- Good teamwork and communication skills
- Willingness to work shifts, weekends, and on-call duties if required
- Valid driving license (airside permit is an advantage)
- Ability to identify and quickly resolve technical issues and malfunctions
- Thorough understanding and strict adherence to all relevant safety regulations and procedures
- Good communication skills in English both written and verbal
- Good team player skills, self-driven and pro-active attitude and the ability to work with fixed deadlines
- Basic computer skills (maintenance tracking systems are a plus)
- Motivation to progress toward licensed aircraft mechanic/engineer certification

**Apply:**

Are you a passionate and dynamic person, who is looking for a versatile and varied position in a performance-oriented environment? If you can answer this question with Yes, you should definitely apply. We look forward to receiving your complete application documents by e-mail with the keyword "Aircraft Support Mechanic" in the subject line. (Employment agencies are not considered).
