

NOMAD AVIATION

Nomad Aviation AG is an international and family-owned provider of business aircraft management services for more than 17 years and provide with **Nomad Technics AG** as well maintenance, modification and refurbishment services since 2018.

For our Part-145 aircraft maintenance department Nomad Technics AG at **Basel Euroairport**, we are looking for a further qualified, flexible and dynamic

Licensed Avionics Engineer Airbus A320 Series / B737NG EASA Part-66 Cat B2

Your tasks:

- Base Maintenance of Avionics and electrical systems
- Performance of routine and non-routine tasks on aircraft instruments (electric, radio and avionics related reparation, installation- and maintenances activities) including an accurate documentation of the work carried out
- Perform Modification / SB's and Avionics up-grades
- Experience with IFE-Systems
- Advanced trouble shooting experience

Your profile:

- Valid EASA Part 66 Cat B2 license and at least 3 years practical experience
- Type rated Airbus 320 series and B737NG
- Experience as Certifying Staff on Corporate and VIP aircraft
- You are used to work independently, reliably and accurately at all times
- Good team player skills, self-driven and pro-active attitude and the ability to work with fixed deadlines
- High level of flexibility in working times and multicultural teams
- Fluent in English (German or French is of advantage)
- Swiss or EU citizen
- Domiciled in the Area of EuroAirport Basel or willing to relocate

Apply:

Are you a passionate and dynamic person, who is looking for a versatile and varied position in a performance-oriented environment? If you can answer this question with Yes, you should definitely apply. We look forward to receiving your complete application documents by E-mail with the keyword "Airbus and B737 Engineer B2" in the subject line. (Employment agencies are not considered).
