

Nomad Technics completes another A-check on an Airbus ACJ319

Basel, September 30, 2021 - Nomad Technics has recently performed another maintenance event on an Airbus ACJ319 during the summer time. The work included an A-check as well as work required by standard Airbus airworthiness directives including software updates, forward and rear cargo seal modification, the execution of service bulletins and out of phase tasks, including zonal inspection, component replacement and battery overhaul. In addition standard defect rectifications on engines and the hydraulic system as well as exterior paint brush-up and repairs on the aircraft's VVIP seats and the cabin's interior were completed.

„We are excited that we have successfully completed another A-check on an Airbus ACJ319 aircraft and handed-over the aircraft to a very satisfied customer on time and on budget“, says Christian Sacker, Director Quality, Safety & Compliance at Nomad Technics. „Being able to offer this work opens up new markets for Nomad Technics. We are looking forward to welcoming owners and operators of EASA, Aruba, Bermuda, Cayman Islands, Isle of Man, Qatar and San Marino registered Airbus A320 family aircraft at our Basel/Switzerland facility to demonstrate our highly skilled VVIP aircraft maintenance and bespoke aviation services“, adds Estelle Thorin, Director Sales & Project Management of Nomad Technics.

About Nomad Technics AG:

Nomad Technics AG, the maintenance division of Nomad Aviation AG based in Basel/Switzerland, is an EASA Part-145 approved organization (Approval No. CH.145.0386) and provides maintenance inspection and non-routine repair work on Bombardier Challenger 300, 600, 850 series, Bombardier Global XRS, Global 5000, Global 6000 and Embraer Legacy 600 and 650 business jets as well as line and base maintenance work on the Airbus A320 family and Boeing 737 series. Other types include Cessna's C525 series aircraft.

The company occupies its own 7'400 m2 hangar together with 7'000 m2 of additional ramp space at the International EuroAirport in Basel / Switzerland. In addition to maintenance the company provides hangarage and parking services for aircraft up to the size of the Airbus A320 family and Boeing 737 series. Disinfection of any type of business jets is also on offer.
